EDUCATION

Master's in Computer Applications

Kamal Nehru Institute of Technology

11/2022 – present
Sultanpur, U.P, India

Bachelor's in Computer Applications

Prof Rajendra Singh (Rajju Bhaiya) University

07/2019 – 07/2022
Prayagraj, U.P, India

EXPERIENCE

Software Development (Intern) | Wyzr.in

Remote | April 2022 - September 2022

- Collaborated in a dynamic team environment, specializing in backend development using **Node.js**, **Express.js**, and **MongoDB**.
- Successfully resolved backend challenges, including payment processing, enhancing system functionality, and ensuring a seamless user experience.
- Utilized **React.js** for frontend development, creating responsive and user-friendly interfaces.
- Gained valuable insights into folder structures and best practices.
- Successfully integrated frontend and backend components, resulting in a cohesive and efficient system.

Front End Developer (Intern) | Apni Shiksha India Pvt Ltd.

Remote | November 2021 - February 2022

- Developed responsive interfaces with **React.js** and **Ant Design** React UI framework.
- Collaborated effectively within a cross-functional team to meet project deadlines.
- Resolved CSS issues, enhancing the visual appeal and usability of web applications.

SKILLS

- Languages: C++, Java & JavaScript.
- Frontend: HTML, CSS, ReactJS & TailwindCSS
- Backend: NodeJS, ExpressJS & MongoDB.
- Others: DSA, OOPs, MySQL, Git & Canva

PROJECTS

World Ranks [🔗](#)

React JS & Tailwind CSS

- Developed a responsive web app for sorting countries by name, population, and area. Implemented dynamic UI, search functionality, and key detail displays.
- Check it out on World Ranks [🔗](#)

Travel Website [🔗](#)

HTML, CSS & JavaScript

- Developed a visually appealing, responsive landing page for Travel Explorer, featuring an engaging video background.
- Visit: prayagraj-travel [🔗](#)

Advice web app [🔗](#)

ReactJS & CSS

- Created a ReactJS web app with CSS styling to fetch and display random quotes using a third-party API. Implemented a user-friendly interface, ensuring responsiveness
- Live at: website [🔗](#)

CERTIFICATES

- Postman API Fundamentals
